### *Third IP & Innovation Researchers of Asia Conference*

**24 - 27 March 2021**

*Online Event*

# Welcome Message

Dear Colleagues,

Welcome to the Third IP & Innovation Researchers of Asia (IPIRA) Conference! This Year, because of the Covid-19 pandemic, we are meeting Online. However, this will still be an important opportunity for the IPIRA Community to get together for what has become an annual appointment, one that we all very much look forward to!

IPIRA was created in 2019 as an annual initiative of the IP & Innovation Researchers of Asia Network, to provide a forum for intellectual exchanges between researchers interested in IP and Innovation law in Asia and beyond. IPIRA is proud to welcome researchers from all nationalities and levels of seniority to meet and discuss their works-in-progress.

The Organizers would like to extend their sincere thanks to the presenters, chairs, and participants of the Conference. Even though we all travel only virtually and join the Conference via cyberspace this year, we feel honored to host you at the Third IPIRA Conference!

We are also very honored and would like to especially thank our distinguished Keynote Speakers.

As always, the Conference would not be possible without the tireless efforts of our colleagues, staff, and student assistants. We thank them warmly. We also extend our gratitude to the colleagues that have accepted to be part of our Scientific Committee and the many supporting institutions which they represent.

We trust that you will find the next four days insightful and will enjoy discussing IP and Innovation-related topics, catching-up with old friends, and meeting new ones. Thank you again for making this event special and for enriching the house of knowledge with your research and works-in-progress.
