Welcome Message

Dear Colleagues,

Welcome to the Seventh IP & Innovation Researchers of Asia (IPIRA) Conference. We are very pleased to host you in Tokyo for the seventh edition of our Conference. As we have been repeating in the past years, the IPIRA Conference continues to grow stronger each year, thanks to your support. We are grateful to you all for traveling to Japan and continuing to make our Annual gathering a very special occasion.

Since its launch in 2019, the IPIRA Conference has provided a forum for intellectual exchanges between researchers interested in IP and Innovation law in Asia and beyond. These exchanges have been instrumental in building a strong community of scholars, and we hope that you all will continue to meet and share ideas for many years to come. This year, we are again proud to welcome researchers from all nationalities and levels of seniority at the Conference.

Once again, we sincerely thank all of you—presenters, chairs, and participants at the Conference—for your support and commitment to the IPIRA Network. We also extend our warm gratitude to the local hosts at Waseda University and colleagues from many countries who helped organize this year’s Conference. Likewise, we would like to thank the staff and students from Waseda University and our supporting institutions who have assisted us. The Conference would not be possible without their tireless work.

We trust you will find the next two days insightful and enjoy discussing IP and Innovation-related topics. Thank you again for enriching the “House of IP and Innovation Knowledge” with your research and being part of the IPIRA family!

The Organizers of the Seventh IPIRA Conference
